

Hi folks, the summer may be coming to an end there's no sign of the celebration stopping at the church or the evangelism ministry!

13 Years Of Red BOX

As is the tradition at Km 0, we celebrated our anniversary this month with a couple of days of thanksgiving, talks and street preaching with red boxers from all around the world. The venue was packed and we heard encouraging testimonies given by evangelists from many different countries. It may be the last time that we celebrate this event in our venue because the owner, that we are currently renting from, is determined to sell it by the end of the year! Of course, he has given us the preference in buying it but, considering its size and location (right in Sol) I can imagine we would be talking about big money! Jacob, the leader, has gone back to the USA for a few months but, when he gets back, we'll need to take a decision so watch this space!

Paella POW-Wow

This month the church hosted the annual "Paella Pow-Wow", which is an event where church members cook paellas, which are then judged in a competition before everybody tucks in! There are also stalls and games for the kids. All profits from the event go to local charities that we are supporting. This has always been a common event with church members and non-members. In fact, many people come to the church as a result of contacts made at this event. Clau and I are not usually able to attend because it clashes with the

evangelism but Riekje, the pastor's wife, wouldn't take "no" for an answer so we made alternative arrangements for the Red Box and came along. It was really good fun and, apart from trying some delicious paellas, I also got to make contact with a non-Christian that would like to meet up with me so the best chef wasn't the only winner on that day!

Kamami with the spicy chorizo paella

Prayer Points

- ✓ For wisdom with regards to the purchase of the Red Box venue.
- ✓ That we would be able to follow up the contacts made at the paella event.

See you again next month.

God bless, Sam 😊
